### Projects :

#### 1. Dailythings Blogging Website

Created and managed "Dailythings," a WordPress-based blogging website. Published 5-6 engaging blogs covering diverse topics, optimizing user experience and fostering reader engagement.

#### 2. IoT Gear Hub WooCommerce Website

Managed and developed "IoT Gear Hub," a WooCommerce website hosted locally using XAMPP server. Built on WordPress, specializing in selling IoT products such as sensors and related equipment. Responsible for website setup, product listing, payment gateway integration, and ensuring smooth functionality for seamless customer experience. Implemented strategies to attract and retain customers, contributing to the growth and success of the online store.
